

**Candlestick  
GGR Autocross # 3  
May 19, 2007**

**NOTES:**  
**Dashed** lines between poles for sighting only  
 Minimum course width = 25ft.  
 Portions of course will be redesigned to optimize terrain conditions the day of the event.

Not every station needs 2 workers – 1 each at 2 pts starting course. Other course workers need to be flexible and shift to balance work load. Need at least 16 workers (7 stations + solos).

- # Station #
- 😊 Solo worker – starter to observe course status

Course designed by: Ken Jones  
 With collaboration from Doug Mackenzie
